

Home Education and SJVS

You may be like many that are new to virtual education. With St. Johns Virtual School (SJVS), we offer the same quality curriculum as Florida Virtual School (FLVS) but with local teachers.

Can Home Education Students take SJVS Courses?

- Yes. St. Johns Virtual School (SJVS) is proud to offer the high-quality curriculum that Florida Virtual School offers, with local St. Johns County School District Teachers.
- After completing your "[Letter of Intent](#)" then you can go in and register for your FLVS account.
 - [Elementary Grades KG-5](#)
 - [Secondary Grades 6-12](#)
- Once you do this it is important to create your Parent Guardian account. You the guardian are now in charge of approving and tracking your child's academics.
 - Here is information for creating your [Parent/Guardian Account](#)

Pacing Requirements and why they are important?

- We carry the same pacing requirements as FLVS. If your student does not maintain their pace, then no matter if FLVS or SJVS will withdraw after no work or communication for (2) weeks. ****If withdrawn, you can always reach out to your teacher and ask for re-instatement.***
- Pacing consists of 2-4 (**core courses**) and 1-2 (**elective courses**) assignments completed weekly. This equates to 6% per week for the semester.
- This pacing is a bonus for it allows a check on your student to ensure courses are being completed and not carrying over into the next school year.
