

Weekly IXL Expectations

Step #1-Log into IXL (www.ixl.com) with our username and password in the top right corner. Contact your teacher if you need it.

Username Password Remember

Step #2 -Click the box with your suggested skills from your teacher.

3 suggestions from your teacher

- ★ Keep your Real-Time Diagnostic up to date!
(0 questions answered this week)
- ★ Use the correct subject or verb
L85 Fourth grade, NN.2
- ★ Rounding: up to hundred thousands place
QV7 Fourth grade, A.20

Clicking here will open a new screen with your recommended skills based on your diagnostic scores. See below.

These skills line up with what are we are learning or have learned in our lessons. Complete these first each week.

Keep diagnosing to stay up to date!

Step into the Arena

Math

- Fractions 400 (6 recommended skills)
- Geometry 450 (2 recommended skills)
- Algebra & Algebraic Thinking 400 (6 recommended skills)
- Measurement 310 (2 recommended skills)
- Numbers & Operations 420 (4 recommended skills)
- Data, Statistics, & Probability 640 (Keep diagnosing to reveal recommendations!)

overall math level 420

Language arts

- Vocabulary 500 (7 recommended skills)
- Writing Strategies 260 (2 recommended skills)
- Reading Strategies 410 (3 recommended skills)
- Grammar & Mechanics 750 (2 recommended skills)

Step into the arena will allow you to continue working on the diagnostic. It will continue to pinpoint strengths and weaknesses. Do this if you have a section that says *keep diagnosing to reveal recommendations*.

You will see lots of recommended skills in each subject. Pick 2 to work on each week. Do more if you would like to!

Students will win prizes for meeting weekly expectations!
