### **DBA Information:**

A “Discussion Based Assessment (DBA)” is a time for the students to share something they learned in the module with the teacher. Students are required to talk with the teacher via phone/ZOOM to complete this assignment each module. Students may use notes but should not receive any additional support from another person (parent, guardian, tutor, sibling, friend, etc.).

#### **DBAs can be completed in multiple ways:**

- using the appointment calendar on the homepage of the class
- using the open DBA times listed on the homepage of the class
- joining the live lesson for the module review and DBA (shown on the pace chart)  
(If students use this option, the student is required to speak substantially during the meeting)
