DBA Information:

A “Discussion Based Assessment (DBA)” is a time for the students to share something they learned in the module with the teacher. Students are required to talk with the teacher via phone/ZOOM to complete this assignment each module. Students may use notes, but should not receive any additional support from another person (parent, guardian, tutor, sibling, friend, etc.).

DBAs can be completed:

- using the appointment calendar on the homepage of the class
- using the open DBA times listed on the homepage of the class (no appt needed)
- joining the live lesson for the module review and DBA (shown on the pace chart)
(If students use this option, the student is required to use microphone)

Geometry EOC

All students will be required to come on campus to take the Florida End of Course Exam. This exam is worth 30% of your final grade. You will be able to bring and use your TI30-XA calculator.

We will utilize Khan Academy to help students prepare for the EOC and to help master the standards. Please join our khan academy class by going to www.khanacademy.org/join and enter your class code **CYBCMKPX**.
