Course DBA Information:

A “Discussion Based Assessment (DBA)” is a time for the students to share something they learned in the module with the teacher. Students are required to talk with the teacher via phone/ZOOM to complete this assignment with each module. Students may use notes but should not receive any additional support from another person (parent, guardian, tutor, sibling, friend, etc.).

You may complete your DBA by calling the teacher between 8AM – 9AM or 12PM – 1PM any day of the week.

You may also schedule a DBA using this link if you need another time:

Course EOC Information:

All full-time and part-time students will be required to take the Florida End of Course Exam in May. **This exam is worth 30% of your final grade.** You will be able to use the TI30-XA calculator.

Delta Math Supplement:

Our SJVS full-time students will be required to utilize Delta Math to supplement their learning and help students prepare for the EOC. Flex students can also join our Delta Math class to practice if they would like, but this is not a requirement since your school may offer their own EOC preparation.

Please join our Delta Math class by going to www.deltamath.com/students, click “Register” and enter your class code **GD69-NB28**
