	E/S PE - Grade 2
	E/S PE - Grade 3
	E/S PE - Grade 4
	E/S PE - Grade 5

When registering for courses, please always select St. Johns Virtual School rather than Florida Virtual School to support our local teachers.

Why St. Johns Virtual?

1. We follow the St. Johns County School District Calendar. This allows your student to stay on pace with completing courses in time for them to be added to their report card. ***Please note that you must register for elementary core courses before the end of the first quarter of each semester.**
2. As a franchise of FLVS, we use the same curriculum as they do, but courses are facilitated by a local St. Johns County Teacher. Full Time students can visit their teacher monthly in person at SJVS enrichment days, and part time students taking an SJVS course in a lab at their school can be visited by their teacher in person for support.
3. Students will be enrolled in an SJVS course within 48 hours after approval from their school counselor, based on preferred start date.
