DBA Information:

A “Discussion Based Assessment (DBA)” is a time for the students to share what they have learned in the module with the teacher. Students may use notes but should not receive any additional support from another person (parent, guardian, tutor, sibling, friend, etc.). Students can prepare for the DBA by writing down three things they learned from the module, and students should be able to explain that to the teacher.

Be sure to book your DBA here: www.tinyurl.com/mathbooking

DBA requirements are based on enrollment status:

Student Type	DBA Requirement
Full-time	Must attend a zoom meeting with camera to complete Module 5 DBA. Students will book their DBA time using the booking site. Be prepared for your DBA to take about 10 minutes. The student will be exempted from Modules 4 and 6 DBA if the student is in good academic standing, with no AI concerns.
Flex (Home Education, Part Time)	All Flex students must complete all DBAs. DBAs will be via phone call. Book your DBA using the booking site.
